

TSHE Sends Kids with Cancer to Summer Camp 2009

The Tri-State Society of Healthcare Engineers (TSHE) 2009 Charity Golf Outing was held June 5, 2009, raising a record **\$9,704.00** to send 19 children battling cancer to Camp DreamAcres in Clarksville, Ohio. The cost to send a child to camp is about \$500.00. Sponsored by Children's Hospital in Cincinnati, the one-week camp is held each year at the end of July on the premises of Camp Joy.

Established in the Tri-State in 1978, now with over 100 members, the membership base of TSHE consists of Healthcare Engineers from all the local Hospital Systems, Architects, Engineers, Construction Managers, Construction Contractors and the Vendor Representatives that support the Hospitals.

Plans are underway for the 2010 event, with the Golf Committee currently requesting donations from local companies for a raffle to raise money to sponsor a Child with Cancer at Summer Camp. Organizations that donate are recognized for their efforts and generosity in front of 130+ golfers.
